Hello Ladies,

I wanted to invite you to co- sponsor the 2nd Annual Highland Park Tree lighting Event December 12th at 6:30. At the corner of York and Figueroa, in the Parking Lot of the Senior Center.

We are working with the office of Councilmember Huizar to put on this event and I really would like all of Highland Park to come together for this event.

For those of you that attended that 1st Tree lighting that we had in partnership with Las Casuelas you know that we had activities booths for the kids and just a lot of fun and food.

We will have the Coffee, Hot Chocolate and pastries already covered. We will have a booth where kids can write letters to Santa.

How will you like to contribute to this event? We are looking for stuffed animals or small toy cars that Santa can give to the kids. Is this something that your organization can provide?

Can you also provide an activity booth for the kids? We need face painting and crafts tables. Maybe an ornament decorating station?

Please let me know how you can participate and what ideas you may have to make this a memorable and successful event.

Best,

Monica
